You cannot receive any support from them including fluids and food at any point during the race.

The bike course is marked with fluorescent-colored route arrows on the pavement in advance of and immediately following each turn. Signs will be placed at each turn and all bike signs will be of the same design. Law enforcement will be at all intersections where athletes do not have the right of way. Please be aware that their responsibility is traffic control and course safety. They are not there to be course marshalls to direct you where to go. **It is your responsibility to know the course!**
